

AN AFTERNOON WITH FRMP

FRMP is proud to be launching the fourth in a series of professional development forums for metropolitan homelessness and reconciliation workers and FRMP private practitioners. The intention of these events is to provide opportunities for sector enhancement of family inclusive practice, as well as bringing together the homelessness sector, family centred programs, and counselors/psychologists.

Guest Speaker: Marcus Andrews (Life Supports) will be presenting a workshop titled “**Understanding and Supporting Young People who Have Experienced Violence in their Families**”. Within this workshop, Marcus will explore patterns and behaviours that are common in families where there is violence. Marcus will share intervention techniques that provide possibilities for practice with young people and their families.
